Office Memorandum • UNITED STATES GOVERNMENT

	то :	Reco	ds Center DATE: 28 January 1960
25X1	FROM :		
	SUBJECT:	Sove	t Records Control Schedule 25.03-57
		Item 5	Please make the following changes in the disposition instructions: Temporary. Destroy after years.
			Temporary. Destroy after 3 months. Cut off file at end of each month; retain for 3 months then destroy.
		13	Temporary. Destroy after 2 years. Cut off at end of each year; retain in current files area for 2 years then destroy.
			25X1

Chief, Sovmat Staff

Chief, Records Management Staff

Audit of Records Management Program

- 1. The attached revised Records Control Schedule was prepared as a result of an audit of the Records Management Program conducted for your Staff.
- 2. The new schedule reflects the changes required since the initiation of the program in your area during 195%. Since that time, the Staff has retired six cubic feet of records to the Records Center, and destroyed two cubic feet of records within the office in accordance with the disposition instructions approved for your records in 195%. Although your total volume of records is small (23.2 cubic feet), and filing space more than adequate for raintaining these records, an active disposition program should not be overlooked. Systematic application of the disposition instructions agreed upon in the Records Control Schedule will enable the Staff to maintain the records on a current basis and, in turn, will produce other intangible benefits to the numbers of the Staff.
- 3. Additional menetary savings and a more economical use of office space and filing equipment could be realized in your area by adopting the Agency's standard time folder to replace the double pressboard ILLEGIB standard folder will adequately serve for the duration of most Agency filing needs. Also, there is no necessity for expending man-hours in retrieving standard folders when destroying your temporary records. The filing space required to house the double pressboard folder could be reduced by approximately 50 percent and this reduction would release filing equipment.

	maintaining an active cooperative during th	of your Staff displayed an interest in records management program and were very a audit. who prepared the available at any time to assist you with	25X1
	your program.		25X1
